

Environmental Policy

This Environmental Policy and its associated procedures apply to all activities of ATG Group, wherever work is carried out and is to be followed by all employees as well as any nominated parties working on the Company's behalf.

This Environmental Policy is also communicated to customers & suppliers and is made available to other interested parties when deemed appropriate.

ATG believes it has an important duty to ensure good environmental performance in all its business operations and to provide the necessary organisation, commitment and training to fulfil this obligation.

The senior management firmly believes in, and is committed to monitoring and improving environmental performance, pollution prevention and environmental protection.

In line with this Policy, ATG Group Ltd will endeavour to:

- Continue to fully meet the requirements of BS EN ISO 14001
- Comply as a minimum with all relevant environmental legislation as well as other environmental requirements
- Sustainably produced materials will be sourced
- Set, monitor and attain all objectives and targets for managing our environmental performance, to ensure strict control over the environmental aspects of all services, processes and facilities
- Pursuing continuous improvement in environmental performance, where reasonably practicable, by setting objectives and targets

ATG Group Ltd considers that its key aims and objectives for the delivery of environmental protection are:

- Correct disposal of general and hazardous waste
- The likelihood of spills occurring will be reduced by training and good housekeeping.
- Resource use will be minimised by reducing energy and water consumption and increasing reuse and recycling
- Reducing and ensuring that dust and noise pollution generated by ATG's operations do not exceed acceptable limits
- Herbicides used only by trained and responsible members of staff. They should only be used in calm conditions.
- Carbon footprint will be minimised through sustainable journeys i.e. car sharing
- All steps will be taken to ensure biodiversity is not impacted by site works
- Review this Policy on a regular basis

- Bring this Policy to the attention of all our employees and interested parties.

Its processes are described and controlled in its Environmental Management System and all its activities are carried out in accordance with this documentation.

Every employee is expected to adhere to the spirit as well as the letter of this policy.
